

# Perkins V Public Comment and Hearing Notice

## Strengthening Career and Technical Education for the 21<sup>st</sup> Century

The public is welcome to participate in public comment and hearings to discuss the changes to the support of career and technical education resulting from the *Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act* (Perkins V).

We're seeking your input on the alignment of programs of study to industry needs, increasing student access to high-quality education, and supporting the full continuum of offerings from career exploration through preparations to meet the changing needs of learners and employers. The focus of Perkins V is the alignment of systems and program improvement (Section 122:(a)(3) State Plan requirement of The Act).
