### PROJECT DESCRIPTION

Effective April 12, 1995, the County Council enacted legislation providing for the creation of a Public Arts Trust. The purpose of this program is to incorporate art into public facilities and sponsor privately-funded temporary or permanent displays of art on public property. As written, the County Chief Administrative Officer (CAO) administers the trust in consultation with the Arts and Humanities Council of Montgomery County (AHCMC), Montgomery County Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. The request for County funds for this project will be determined annually. The guidelines state that the annual request for the next fiscal year will be 0.05 percent of the total approved programmed capital expenditures for the current year Capital Improvements Program of the County Government, Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. Each year, the County Council should consider appropriating this amount but may appropriate any amount.

### **COST CHANGE**

Cost increase due to the addition of funding for FY25 and FY26.

## PROJECT JUSTIFICATION

Bill 12-94, a revision to the Art in Public Architecture law, provides for the creation of a Public Arts Trust. The Public Arts Trust is administered by the County CAO.

### FISCAL NOTE

\$50,000 FY18 Special Appropriation approved by Council in July 2017. The Public Arts Trust is implemented through the Department of Recreation via an outside contract with the AHCMC.

### **DISCLOSURES**

Expenditures will continue indefinitely.

### COORDINATION

Arts and Humanities Council of Montgomery County, Montgomery County Public Schools, Montgomery College, Maryland-National Capital Park and Planning Commission, Department of General Services, County Executive, and Chief Administrative Officer.

## Tracking and Research: COVID-19 Impact on the Arts Sector

Americans for the Arts, the nation's leading nonprofit organization for advancing the arts and arts education, leads the four premier national studies tracking the human and financial impacts of the COVID-19 crisis on the arts. As of June 1, 2020 (see © 1):

- 1. *Impact of Nonprofit Arts and Cultural Sector* Financial losses to nonprofit arts and cultural organizations are an estimated \$5.9 billion.
- 2. *Impact on Artist/Creative Workers* 62% have become fully unemployed and the average financial loss per artist/creative worker is \$21,000.
- 3. Impact of Arts and Other Activities on Mental Health (Expected June 2020)<sup>1</sup> New study designed to strengthen understanding of the mental health impacts of sheltering in place, social distancing, and isolation—and to determine if arts activities buffer against those ill effects.
- 4. CARES Act Arts Funding Tracker Measures the success of the arts sector in securing eight federal CARES Act relief funding programs. Selected programs and success rates include: Payroll Protection Program (PPP): 79% success rate; Emergency Injury Disaster Loan (EIDL): 40% success rate; Pandemic Unemployment Assistance (PUA): 36% success rate.

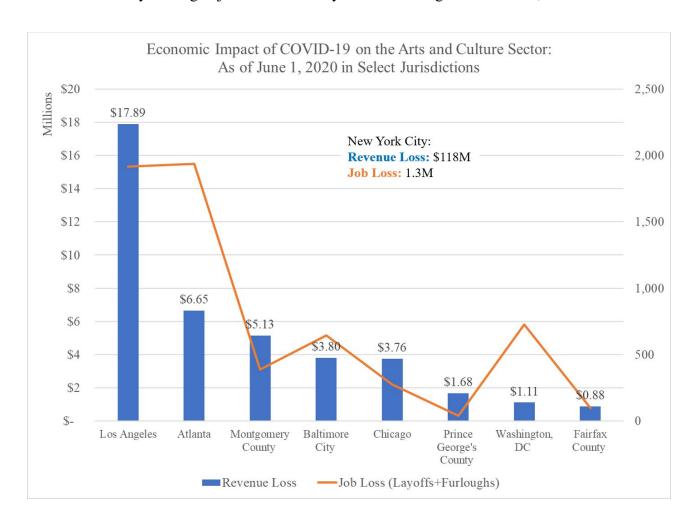

The Arts & Humanities Council of Montgomery County conducted a survey released in April 2020 on COVID-19's impact on the County's arts sector (see © 2); includes projected financial losses at 90 days in June 2020 to be ~\$7M.

#### MEMORANDUM

March 5, 2020

**TO:** Education and Culture Committee

FROM: Carolyn Chen, Legislative Analyst

SUBJECT: Worksession: Public Arts Trust FY21-26 Recommended Capital Improvements

**Program** 

**PURPOSE:** Review and Make Recommendations for Council Consideration

#### **Expected Participants:**

Anita Aryeetey, Fiscal and Policy Analyst, Office of Management and Budget Suzan Jenkins, Chief Executive Officer, Arts & Humanities Council of Montgomery County Robin Riley, Director, Montgomery County Recreation

Under the County Executive's FY21-26 Recommended Capital Improvements Program in Culture and Recreation, the County Executive has recommended level funding of \$190,000 for the Public Arts Trust (P79658).

Council staff recommendations for discussion:

Amend the purpose of the Public Arts Trust to include maintenance and conservation.

#### Article VI. Sec. 8-44. Public arts trust.

- (a) There is a Public Arts Trust fund within County Government to:
  - (1) Receive, hold, and pay out public and private funds to:
  - (A) Buy, [and] display, maintain and conserve works of art on public property in the County
- Amend the Public Arts Trust appropriation guideline from 0.05% to 0.005% to align with previous appropriation levels.

#### Article VI. Sec. 8-45. Appropriation for art.

Each year the County Council should consider appropriating funds for the next fiscal year to the Public Arts Trust in an amount equal to [0.05%] 0.005% of the combined total approved programmed capital expenditures for the then current year for County Government, Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission.

- Consider corrective funding options to the Public Arts Trust between the range of \$289,661 to \$488,324.
- Explore innovative programs through the Public Arts Trust including economic development metrics and workforce development programs in art conservation.

#### **Public Arts Trust FY20 Activities**

The Arts and Humanities Council for Montgomery County (AHCMC) manages and commissions all public art<sup>1</sup> on County-owned property. Montgomery County's public art collection includes over 900 works of art, including over 600 works on paper and over 300 sculptures and murals.

In FY20, the Public Arts Trust accomplished key ongoing initiatives:

- Completion or initiation of six assessments of public art at the following locations:
   Crossway Community Center, DOT Service Park/Fleet Management, Brookside Gardens,
   19225 Germantown Road, Judicial Center and Gilchrist Center Headquarters.
- Conservation and maintenance on eight public artworks at the following locations: Western County Swim Center, Martin Luther King Recreational Park, Black Hill Regional Park, Montgomery County District Courthouse, Cabin John Regional Park, Stella Warner Office Building, Monacacy Elementary School and Olney Elementary School.
- Reactivation of The Contemporary Works on Paper Collection: 300 submissions from individual artists around the region were reviewed by a panel of County staff and local professionals to accept 27 new works of art into the Contemporary Works on Paper Collection. These newly acquired artworks were framed on exhibited in the County Executive Offices and the Montgomery County Council Building and funding was secured through a National Endowment for the Arts grant to supplement the collection.

# Discussion Point #1: Increasing maintenance and conservation expenses related to the County's aging public art collection.

Approximately 60% of the County's artworks were commissioned in the late eighties or early 1990s, largely in conjunction with an aggressive building program at Montgomery County Public Schools<sup>2</sup>. Public Arts Trust funding was suspended for a decade in the early 1990s and 2000s due to fiscal constraints which resulted in few newly commissioned public art in County-owned properties. Since 2008, the Public Arts Trust was funded between \$105,000 to \$215,000 annually with the majority of funding needed to maintain, conserve or de-access a small percentage of aging artwork that have become a safety hazard for students in public schools.

# Discussion Point #2: Changing appropriation levels from capital improvement projects in the County's public arts ordinance has led to a fragmented public arts strategy.

The initial purpose of a Public Arts Trust was to commission new works of art through the capital improvement budgets for County projects. In 1983, the "Works of Art in Public Architecture" law provided for a separate appropriation of 1% of construction costs of County projects for public

<sup>&</sup>lt;sup>2</sup> See p. 13 of <u>Public Art Roadmap: Creating a Vibrant Public Art Ecosystem in Montgomery County</u>, December 2016.

<sup>&</sup>lt;sup>1</sup> Work of art means an object, objects or surface embellishment produced with skill and taste. A work of art should generally be an original creation, rather than a mass-produced item, generally expressing, but not limited to, a social, cultural or historical theme. Works of art include, but are not limited to, paintings, sculptures, engravings, carvings, frescos, mobiles, murals, collages, mosaics, statues, bas-reliefs, tapestries, photographs, drawings, stained glass, fountains, or other decoration, either exterior or interior. The term does not include hung works of art, landscaping, or the choice or use of materials in architecture. (County Code, Article VI. Works of Art in Public Architecture. Sec. 8-43)

building, parks, plaza, bridges and parking facilities. Since then, the percentage has changed four times - from 1% to 0.5% to 0.25% to 0.025% to 0.05% - with language changing from "shall appropriate" to "must appropriate" to "should consider appropriating." Thus, any new public art in the County has been commissioned by a specific County agency or private development through the Optional Method zoning process<sup>3</sup> with minimal input from professional public art staff. In some projects, the result has been public art that does not have a corresponding public benefit or built-in budget for maintenance and conservation.

# Discussion Point #3: Limited funding capacity of Public Arts Trust has resulted in declining relevance and missed opportunities.

Montgomery County was the first locality in the Washington, DC area to create an "Art in Architecture" program and was one of the first communities in the nation to request developers to provide public art in exchange for zoning benefits. AHCMC published a public art strategic plan titled "Public Art Roadmap: Creating a Vibrant Public Art Ecosystem in Montgomery County" in December 2016 to shift the Public Arts Trust from being reactive – maintaining aging artworks – to proactive: positioning the Public Arts Trust and its steering committee members to leverage future capital projects by the County and private sector development. Selected strategies include:

- Expand public art zoning priorities to include older arterial corridors in East County and in second-ring residential areas outside of the Beltway beyond the urban cores of Bethesda and Silver Spring.
- Partner with Montgomery College, Department of Transportation, Conservation of Natural Resources and Health and Human Services to develop artworks that speak to the changing demographic of the County's population and the County's focus on climate change.
- Aligning with the Montgomery County Economic Development Corporation and sciencerelated institutions and industries as strategic partners for innovative artist-in-residency programs.
- Explore workforce development programs at MCPS and Montgomery College for careers in art conservation and partner with Smithsonian for internships or apprenticeships.
